

# Fullerton Sister City

## R E V I E W

Summer 2006

### President's Message

Hello, Konichiwa, Hola, Annyung Haseyo:

This international greeting emphasizes the total involvement of our three Sister Cities this year. A group of 24 adult Sister City members just returned from an awesome tour of Japan and our sister city, Fukui. This newsletter provides more information and pictures that I hope everyone will enjoy.

Our Jr. Ambassador program has two separate, select groups of Jr. High students preparing to visit Fukui, Japan and Morelia, Mexico in July and August. Our first visit by Jr. Ambassadors from Yong-In, South Korea is scheduled for mid August. If you or your neighbor would like to be a host family for a week, please let us know. The students are a select group chosen from over 100 applicants. This is an opportunity to enjoy the true meaning of "cultural exchange".

I am proud to announce that we now have a beautiful hand constructed display cabinet for many of the Sister City gifts received over the past 42 years. Our thanks and gratitude goes to Chevron Land Development for this wonderful addition to the Association. At present, it is located near the council board room. Check out the photo in this newsletter.

FSCA tries to have at least one adult trip to one of our Sister Cities every year. The next trip might be to New Zealand, Ireland, or Great Britain. We are considering making several "fact finding" trips to determine the possibility of an additional Sister City (if interest is strong enough). The key word is "JOIN" and become involved. It is fun, educational, and truly a memorable experience. Your membership dollars go to help Jr. Ambassadors as scholarships. Dues are never used for administrative costs.
